

MOUNT LAUREL HOME RENOVATION

MOUNT LAUREL, NJ

PROJECT DETAILS

TYPE
Home Renovation

LOCATION
Mount Laurel, NJ

COMPLETION DATE
September 2025

ARCHITECT
CGT Construction

DESCRIPTION

Serving as the general contractor, CGT Construction executed the comprehensive renovation of this Mount Laurel residence, transforming the property into a masterfully updated, high-end estate. Led by a civil engineer, the project required a sophisticated balance of elevated design and technical rigor, from the structural execution of a gourmet kitchen and luxury bathrooms to the full-scale remodeling of the basement and exterior. By blending sleek fixtures with intentional textures and custom-layered lighting, we redefined the home as a private sanctuary that emphasizes both structural durability and timeless elegance. Driven by a commitment to customer satisfaction and engineering excellence, we delivered a high-value, turn-key transformation exactly as promised.
