

## CHERRY HILL HOME RENOVATION

CHERRY HILL, NJ

### PROJECT DETAILS

TYPE  
Home Renovation

LOCATION  
Cherry Hill, NJ

COMPLETION DATE  
April 2024

ARCHITECT  
CGT Construction

## DESCRIPTION

Serving as the general contractor, CGT Construction executed the full-scale interior and exterior renovation of this Cherry Hill residence, transforming the entire property into a masterfully updated, high-end estate. The project required a sophisticated balance of elevated design and technical precision across every square foot, from the gut renovation of luxury bathrooms and a gourmet kitchen to the structural execution of a custom outdoor deck and refined hallways. By layering sleek fixtures with intentional textures and custom lighting throughout the home, we redefined the living space as a private sanctuary that emphasizes both structural durability and timeless elegance. Every detail was meticulously managed to ensure a seamless, luxurious flow from the interior living quarters to the expanded exterior landscape.
